

VLAD ALEXANDRU MANU

FRONTEND DEVELOPER | REACT, NEXT.JS & TYPESCRIPT

Dej, Romania • +40 752 229 348 • manuvlad1984@yahoo.com

[Portfolio](#) • [GitHub](#) • [LinkedIn](#)

PROFESSIONAL PROFILE

Frontend developer building responsive, accessible and motion-focused web interfaces with React, Next.js and TypeScript. Experienced in designing and developing production websites for real clients, translating business requirements into clear user experiences, and creating scalable interfaces with careful attention to performance, technical SEO, usability and visual detail.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, HTML, CSS

Styling & Motion: Tailwind CSS, Framer Motion, Styled Components, Responsive Design

Data & Application: TanStack React Query, Supabase, React Router, React Hook Form

Quality & Tools: Accessibility, Performance Optimisation, Technical SEO, Lighthouse, Chrome DevTools, ESLint, Git, GitHub, pnpm, Vite, Vercel

Design: Figma, Penpot

SELECTED PROJECTS

Hidden — Hospitality Website [Live Site](#)

2024 | Real client | Live • HTML, CSS, JavaScript

- Designed and developed a responsive hospitality website focused on atmosphere, brand presentation and clear access to menus, events and contact information.
- Managed requirements, interface design, implementation and client communication; applied semantic structure, accessibility, performance optimisation and technical SEO.

MViewService — Service-Business Website [Live Site](#)

2025 | Real client | Live • HTML, CSS, JavaScript

- Designed and developed a responsive business website that presents services clearly and supports customer discovery and local credibility.
- Managed requirements, interface design, implementation and client communication; applied semantic structure, accessibility, performance optimisation and technical SEO.

Wild Oasis — Hotel Management Dashboard [Live Demo](#) | [GitHub](#)

2023 | Advanced React course project | Public demo • React, Vite, React Router, TanStack React Query, Styled Components, React Hook Form, Recharts

- Built a dashboard for managing bookings, cabins, guests, operational settings and business statistics, using React Query for asynchronous state and caching.
- Worked with Supabase persistence and authentication in the original course version, then created a safe local-data portfolio demo without login or persistent mutations.

Personal Portfolio [Live Site](#) | [GitHub](#)

2026 | Independent project • Next.js, TypeScript, Tailwind CSS, Framer Motion

- Designed and developed an interactive portfolio with custom page transitions, scroll-driven motion systems, responsive layouts and reusable interface architecture.
- Optimised animation layers, cross-device behaviour, performance and visual consistency, including iOS Safari compositor stability.

PREVIOUS PROFESSIONAL EXPERIENCE

Dentist — Managed patient care in a detail-critical environment requiring clear communication, structured problem-solving and a high degree of professional responsibility.
